### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The allowability resides in the overall structure of the device as recited in sole independent claim 1, and at least in part, because claim 1, as amended, recites: "reflective surfaces of the reflective portion disposed in parallel to a vertical direction of the vehicle and the imaging portion taking in the image reflected by the reflective portion...wherein an image optical axis of the imaging portion is set so that incident optical axes of the image tilt vertically and obliquely with respect to a horizontal plane when the image reflected in the reflective portion are introduced into the imaging portion and the imaging portion picks up the image in respective image pick-up directions which are obliquely above or below the horizontal plane".

The aforementioned limitations in combination with all remaining limitations of claim 1 are believed to render the claim 1 and all claims dependent therefrom (claims 2 and 3) patentable over the art of record.

None of the references cited during prosecution of the instant application, either taken alone or in combination, is believed to render the present invention unpatentable as claimed.

2. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Anatoly Vortman whose telephone number is 571-272-2047. The examiner can normally be reached on Monday-Friday, between 10:00 am and 6:30 pm..
